

**AREAS OF SCIENTIFIC/PROFESSIONAL INTEREST  
INDICATED BY COUNCIL MEMBER**

Braun	Developmental Genetics Reproductive Biology Animal Genetics Cell Cycle Regulation Gene Regulation/Expression RNA Synthesis Fertility/Fertilization
Behrman	Economics Population Studies Demography AIDS Fertility Migration/Distribution Human Mortality/Morbidity
Coney	Reproductive Endocrinology Obstetrics and gynecology
Craik	Physical Health Services Public Health Administration Public Health Education Rehabilitation/Physical Therapy Gerontology/Geriatrics Motor Control in Humans With/Without Disability
Culter	Developmental Endocrinology Reproductive Endocrinology Neuroendocrinology Diabetes Metabolic Disease Infant/Child Development Clinical Pharmacology Drug Delivery/Drug Delivery Systems
Devaskar	Nutrition Carbohydrate Nutrition Pediatrics Perinatology/Prematurity Gene Regulation/Expression Transport, Cellular
Greenwald	Head Impact Biomechanics Mobility Rehabilitation Prosthetics Development Orthopaedics

Physiologic Sensors  
Bioinstrumentation Application/Development  
Exercise Physiology/Stress/Kinesiology  
Computer Software Engineering/Development  
Business/Commerce/fiscal Consultation

**James**

Health Care Law  
Legal Issues in Ethical conduct of Research  
Human Subject Protection  
Health Policy  
Bacterial Disease  
Immunology  
Biomedical Ethics

**Jenkins**

Adolescent Pregnancy Prevention  
Contraception  
Adolescent Health and Behavior  
Community Health  
Pediatrics

**Jensen**

Intellectual Developmental Disabilities  
Autism  
Neural Growth Development  
Pediatric Brain Injury  
Neuropharmacology  
Neuropathology  
Molecular Neurobiology

**Kishnani**

Down Syndrome  
Glycogen Storage Disease  
Lysosomal Storage Disease  
Pharmacogenomics  
Biomedical Genetics  
Metabolic Diseases  
Carbohydrate Nutrition  
Metabolism

**Klass**

Literacy Promotion  
Literacy and Language Development in Young Children  
Health Care for Underserved Populations and  
Immigrant Populations  
Pediatric Infectious Diseases  
Community Health Services  
Intergenerational Literacy

Leslie	Molecular Biology of Estrogen and Progesterone Receptors Anti-Estrogens in the Female Reproductive Tract Endometrial Cancer Interactions Between Epidermal Growth Factor and Hormone Receptors Reproductive Endocrinology Gene Regulation/Expression Cytokines
Martin	Mammalian Genetics Physiology
Rutherford	Infectious Disease Epidemiology AIDS Epidemiology and Prevention of Childhood Injury Infectious Diseases Preventive Medicine Tropical Medicine Public Health International Health
Truglio	Developmental Psychology Comparative Biochemistry Media Effects Research Social Sciences
Sadovsky	Obstetrics/Gynecology High-Risk Obstetrics Developmental Cell Biology Gene Regulation/Expression Developmental Physiology Placental Biology Embryology/Fetal Growth and Fetal Development Perinatology/Prematurity Trophoblast MicroRNA Placental Biology Cellular Hypoxia
Wagner	Developmental Psychology Reading Dyslexia

Phonology  
Intelligence  
Learning/Motivation  
Infant/Child Development

**Ex Officio Members:**

Cates	Pediatric Infectious Diseases
Heppel	Maternal, Infant, Child, and Adolescent Health Infant Mortality Neurodevelopmental Pediatrics Health Policy
Kerecman	Neonatal-Perinatal Medicine

**NABMRR Council Liaison:**

Chae	Biomedical Engineering Neural Protheses Stroke Rehabilitation
