Caroline Signore, M.D., M.P.H.

*January 23, 2020*

# Overview

- Trends in Extramural Funding
- Staff Updates

# ***Trends in Extramural Funding***

Competing RPG Total Funding and Success Rate (2010 – 2015)

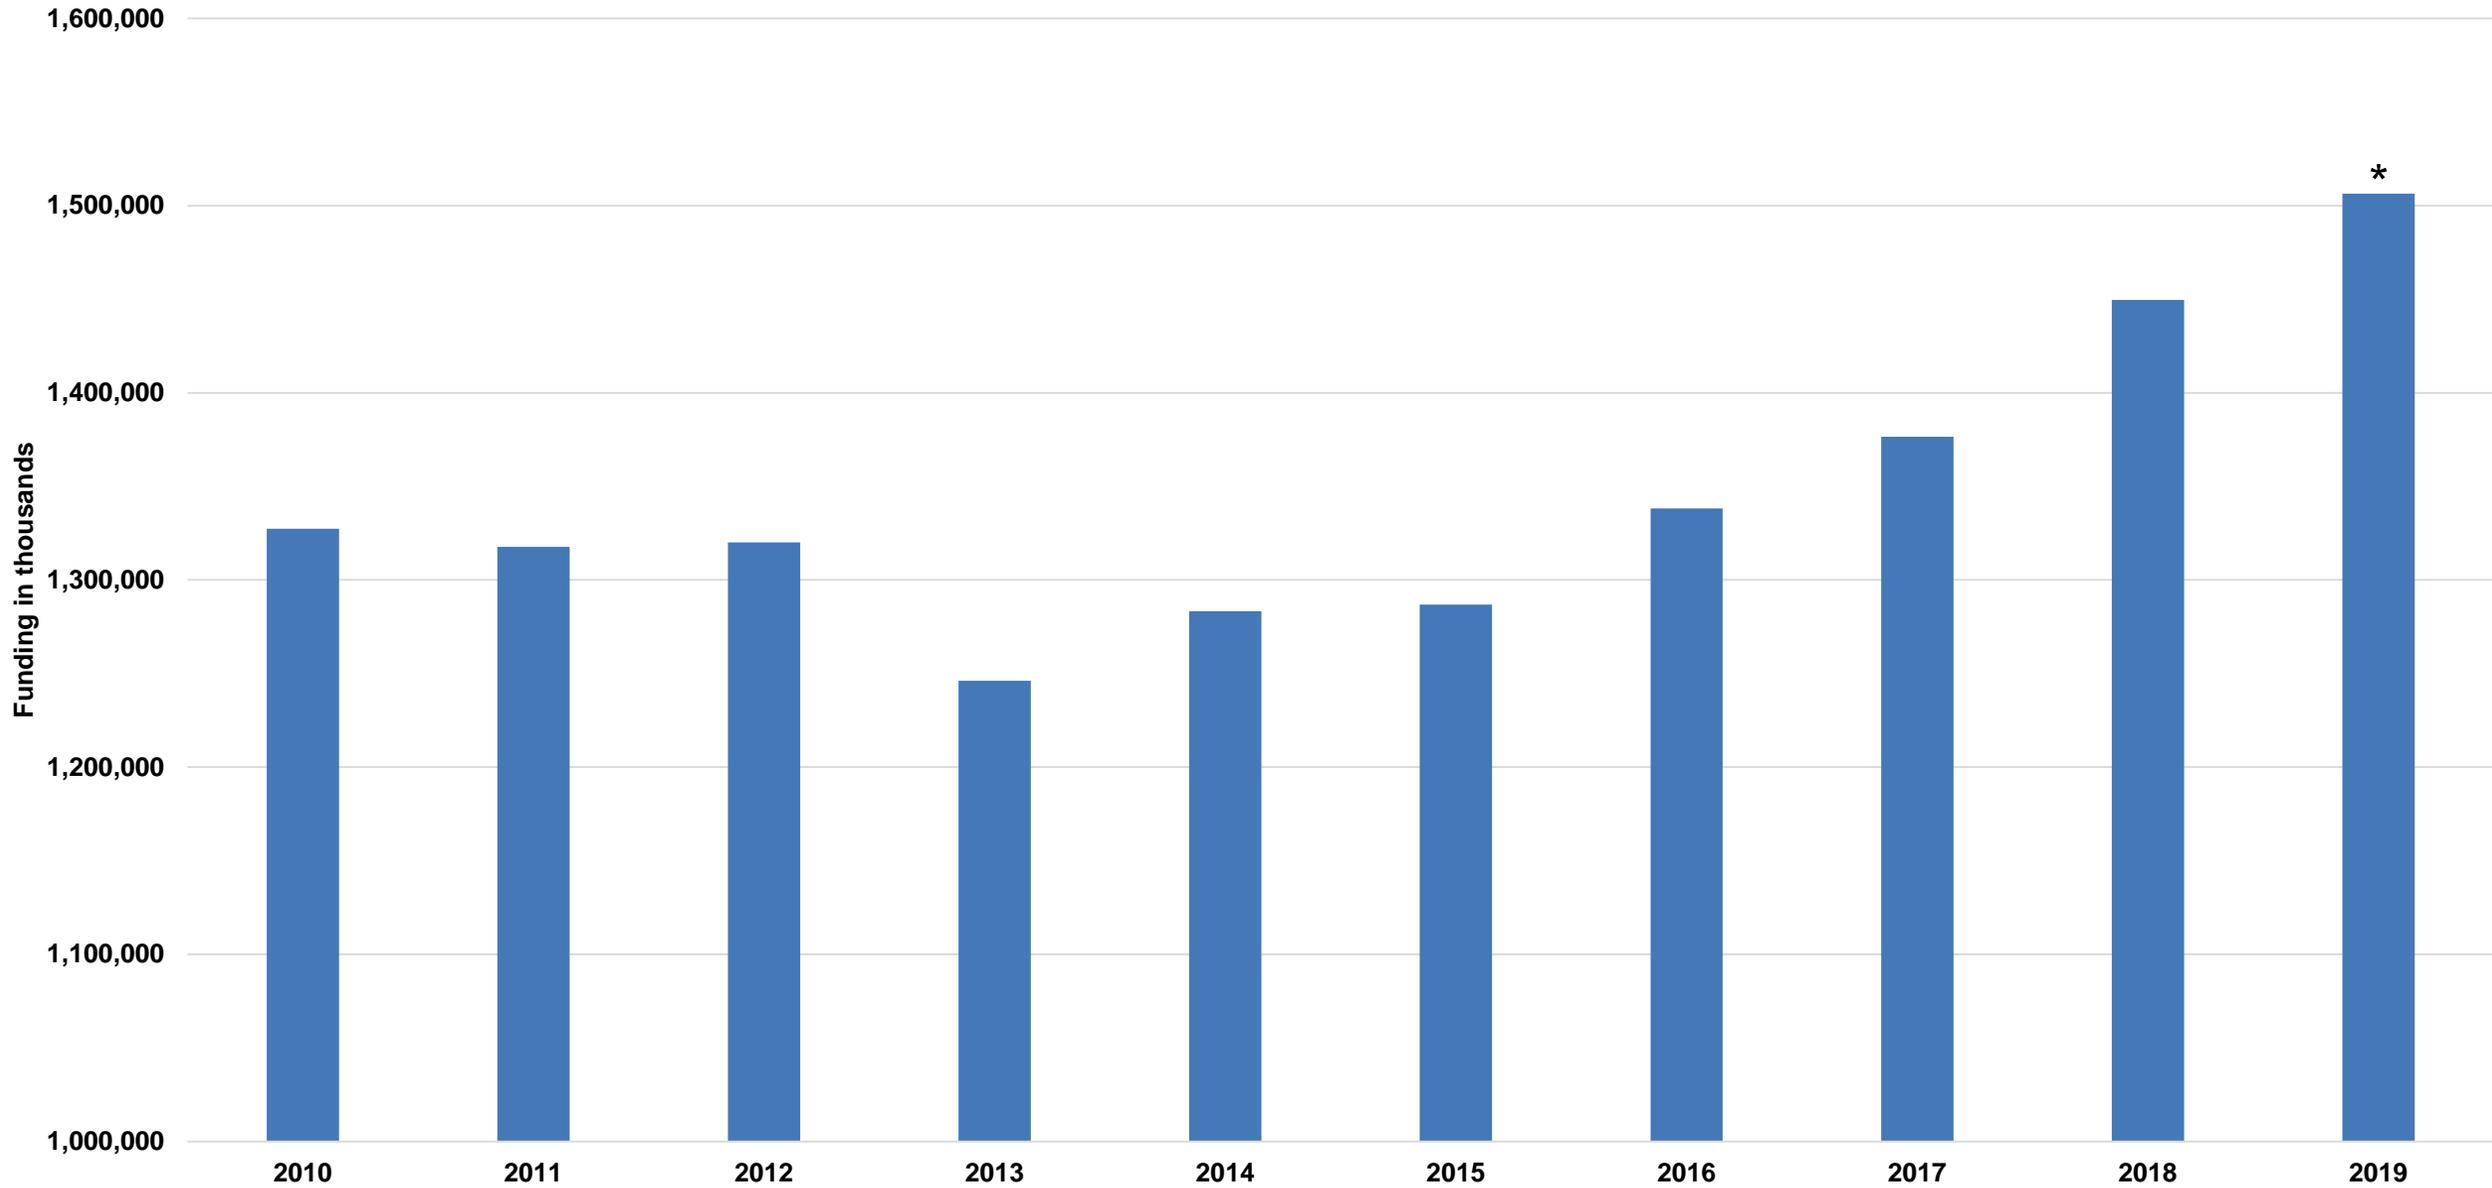

# Clarify the Message

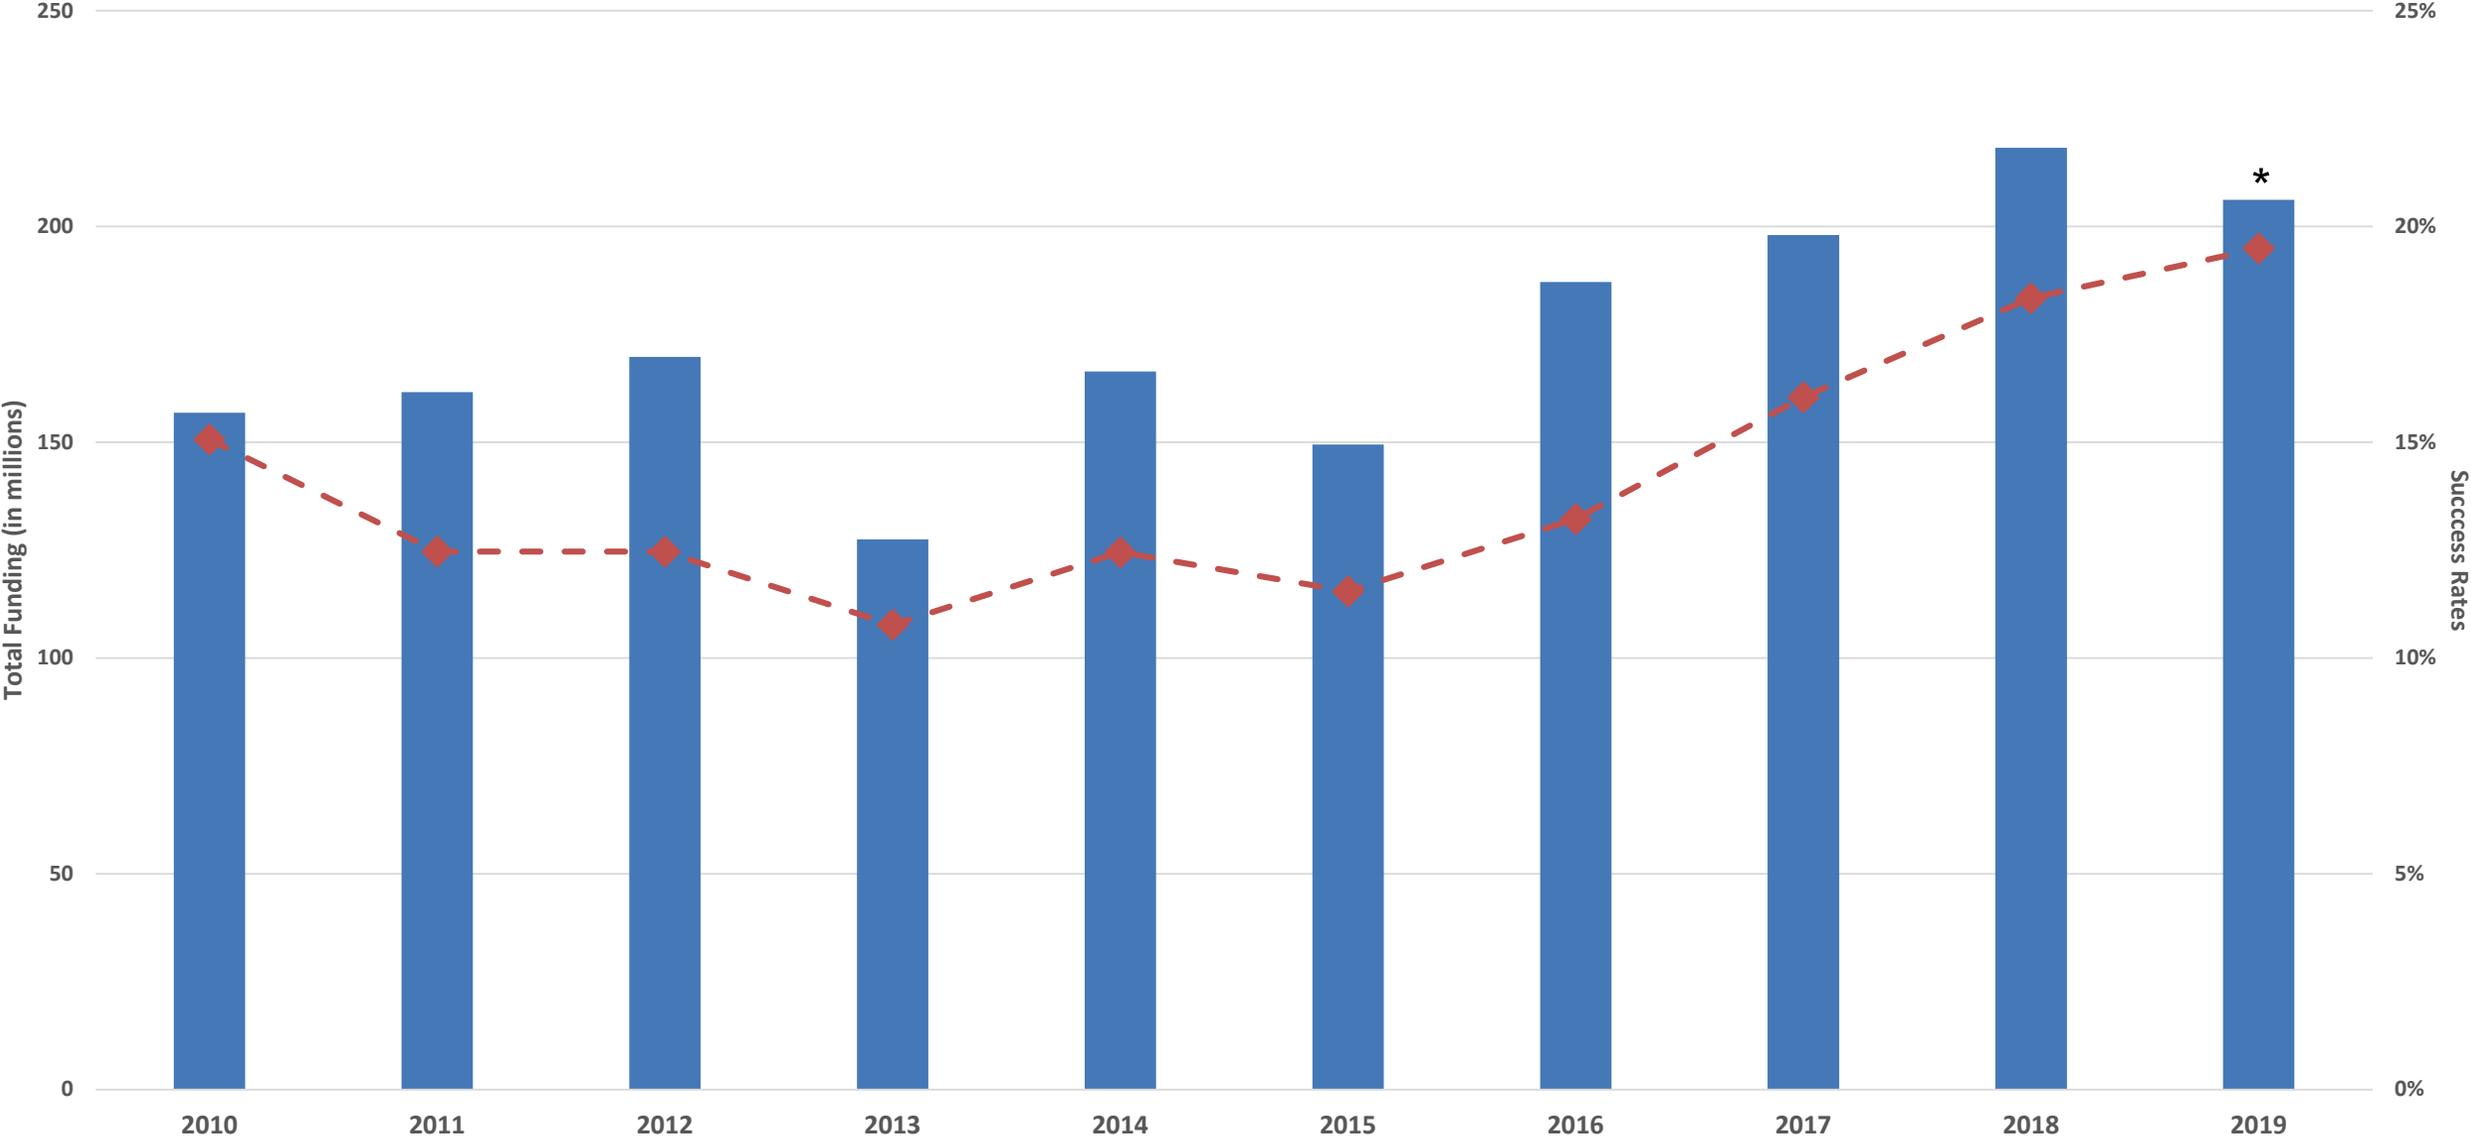

- ✓ Tighten referral guidelines
- ✓ Tighten transfer acceptance
- ✓ Clinical trials by FOA
- ✓ Stricter methods for large grant acceptance
- ✓ Limit PA, PAR, and secondary assignments
- ✓ Communicate priorities

# NICHD Funding (2010 – 2019)

### Competing RPG Total Funding and Success Rate (2010 – 2019)

\* FY2019 is estimated

# Enhanced Clinical Trial Oversight: Results of 1<sup>st</sup> Year

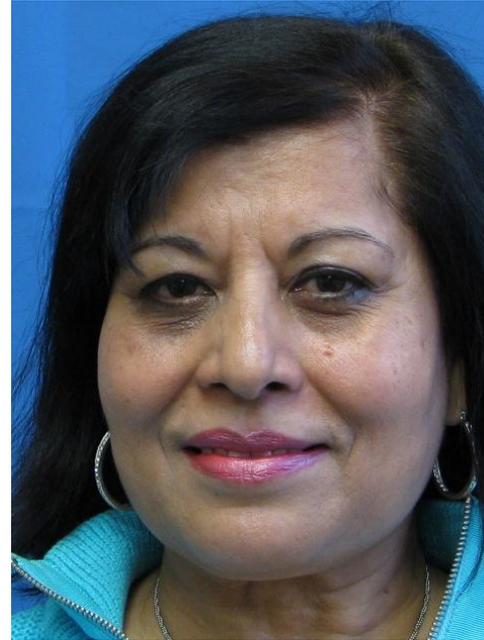

- In October of 2018, per [NOT-HD-18-020](#), NICHD updated policies to enhance its monitoring and oversight of clinical trials in several ways
- Key feature: Each trial assessed for risk, e.g., trial design, costs, number of sites, experience of PI
- Results for 130 clinical trials
  - Low - 94
  - Medium - 29
  - High - 7
