Overarching Questions

- How do we define success of NICHD training programs? Are NICHD training programs successful?
- Is the amount of funding NICHD commits to training awards the right amount? Are the allocations an appropriate percentage of the NICHD budget? How have these allocations evolved over time?
- Is NICHD supporting the correct ratio of awards at different career stages, i.e., predoc/postdoc/early faculty? Has this ratio changed over time?
Overarching Questions (cont)

- Are the allocations to the fields supported by NICHD training appropriate for the NICHD mission, and are the types of training mechanisms appropriate for those fields?
- Are there appropriate levels of commitment to the different training mechanisms (T32, K12, F30, F31, F32, K01, K08, K23, K99, K24)? Are some mechanisms over- or underutilized?
- Are there training/workforce needs that have already been addressed or that still need to be addressed by our portfolio of training awards?
- Are there fiscal pressures or other factors in the near future that have potential to impact our mix of training programs?
Timeline for Training Review

• Present overview of process to staff at DER Exchange (Feb 20) and Extramural Staff Meeting (March 9)

NACHHD August Council
NACHHD August Council

- Although generally 3 Council meetings per year (Jan, June, September), there is a rarely used August Council
  - Allows flexibility to have actions processed before the end of the fiscal year
- Legislative changes to SBIR/STTR mandate a shorter time from application to award and require August Council
  - [http://sbir.nih.gov/engage/news#dec22](http://sbir.nih.gov/engage/news#dec22)
- NICHD will implement via a teleconference
  - August 27, 2015, 10:00 am- 12:00 pm
NACHHD August Council

- Council actions will be posted on website
  - RFAs
  - En bloc: SBIR/STTRs
- Reviewers will be assigned
- Full discussion and voting
Thank You!
