

Rehabilitation Research Plan

{ Trans NIH Medical Rehabilitation Coordinating Committee
November 16, 2015

- ⌘ The Director of the Institute shall develop a comprehensive plan for the conduct and support of medical rehabilitation research (in consultation with NCMRR Director, National Advisory Board, and Trans NIH Committee)
- ⌘ The Research Plan shall
 - ⌘ Identify current medical rehabilitation research activities conducted or supported by the Federal Government, opportunities and needs for additional research, and priorities for such research; and
 - ⌘ Make recommendations for the coordination of such research conducted or supported by the National Institutes of Health and other agencies of the Federal Government

Requirement (PL 101-613)
