

SCIENTIFIC WORKSHOP: Reproductive Life Planning and Pregnancy for SGM Communities

July 19–20, 2023 | 12:00 – 4:30 p.m. ET

Workshop Goals

Co-sponsors: *Eunice Kennedy Shriver* National Institute of Child Health and Human Development, Office of Research on Women's Health, Sexual and Gender Minority Research Office, and Office of Behavioral and Social Science Research

Meeting purpose: This two-day workshop will convene subject matter experts in research on reproductive health among SGM populations to highlight existing knowledge and identify research and training gaps related to the reproductive life planning and health needs of SGM communities. There are four areas of focus, each inclusive of individuals across the reproductive life course: reproductive health data collection among SGM participants, inclusive contraceptive education and care, achieving pregnancy through assisted reproductive technologies, and inclusive perinatal care.
